Bill Prentice Daughter Bev Win Titles

CURTIS ROGERS WINS PUBLIC SPEAKING CONTEST

Curtis Rogers, son of Mr. and Mrs. Allan Rogers Minden, a Grade 8 student at the Archie Stouffer Public School won top honours at the Haliburton County Elementary School Public Speaking Contest held recently at the Haliburton Highlands Secondary School.

Curtis spoke on "Public Speaking" and competed against 12 other students.

Judges for this competition were Mrs. Brenda Robinson, Haliburton, Mrs. Marilyn Palmer, Minden, and Mr. Noel McNeil, Haliburton.

MINDEN MIDGETS CONTINUE TO WIN

Minden Midgets won a decisive victory over Stroud this past weekend, eliminating them in two straight games, in OMHA playoff hockey.

On February 19th the locals beat Stroud 10 to 5, in a game that showed great goaltending by Steven Best and plenty of drive from the forwards. Bill Leary was the big shooter scoring 4 times, while playing a standout game on defence. Kirk Hewitt, who seems to be getting stronger every game came up with a fine effort and two goals. Wayne Harrison, Bob Arbuthnot, Roger Yearwood, Robbie Young each scored singles.

On Saturday, February 27 the

team travelled to Stroud and dumped their hosts 5 to 3, in a good action-packed tilt.

Leigh Bull, Minden's aggressive right winger scored two, while singles went to Wayne Harrison, Bob Arbuthnot and Royce Miller, the latter has been playing a strong game on defence all year for Minden.

Rev. Howard Best coached the team Saturday for Don 'Soup' Campbell, who is on vacation and commented after the win that he would be the only coach in Minden to retire undefeated.

The Midgets move into the quarter finals with Sunderland, dates have not yet been set. It is hoped the fans will come out and support the locals as they make a bid for an Ontario title.

FIGURE SKATING CLUB TO HOLD POP CONCERT

Saturday, March 6th at 7 p.m. the Minden Figure Skating Club will hold a Pop Concert at the Minden Arena. Admission will be 75c for Adults and 25c for children. Come and see how the skaters have progressed and support the Club at the same time. This concert is sanctioned by the C.F.S.A.

MR. AL COOPER FINISHES SECOND IN WOODCUTTING CONTEST

Mr Al Cooper of Minden came second in the First Annual Pioneer Woodcutting Contest held recently at Youngs Point.

First prize went to Mr. Paul Ayotte, a tree removal contractor from Youngs Point.

The contest was run on a point system with points being awarded for safety, accuracy in felling a tree, and speed in cutting.

THURSDAY SMILE

Since I got married, I don't worry about bad breath — I never get a chance to open my mouth!

The Prentice family have put Minden back in the news, this time in a really big way. Bill Prentice was awarded driver of the year by the Ontario Snowmobile Racing Federation, chalking up the most points in snowmobile racing this winter.

While Bill was grinding out the miles on the frozen tracks, daughter Beverley was taking her bows, winning the Ontario Junior Championship. Paul Prentice, who has taken most of the headlines over the year, could very well be a winner, for his standing is not yet known.

Bill competed in stock racing

only but had to accumulate a number of points to compete against the modified drivers

The Prentice family, Bill, Paul and Bev. have all received an invitation to compete in the World Series of Snowmobile Racing, March 20, 21 at Boonville, New York. Only the top 10 winners in North American competitions receive invitations to this big event.

We would like to extend congratulations to Minden's fame in Snowmobile racing, the Prentice family, and wish them all the success in the World competitions.

"WE SELL THE EARTH AND INSURE IT'S CONTENTS"

Department of Tourism and Information met on Tuesday and Wednesday of last week with the executive of the Haliburton Chamber of Commerce. Pictured above from left to right: Mr. John Marley, Vice President of James Lovick Advertising Agency, Mr. Fred Boyer, Assistant Deputy Minister and Executive Director, Department of Tourism, Mr. Barry Dobson, Regional Manager of Department of Tourism, Ted Campbell, Secretary-Manager of Haliburton Chamber of Commerce, Mr. Hal McGonigal, Assistant Director of Planning and Development Branch of the Department of Tourism. The meeting was called to discuss the future development of tourism and tourist attractions for Haliburton County and the ways and means of increasing the current advertising budget. Mr. Boyer said after the meeting he felt they were very successful and covered a broad range of topics. Mr. Campbell said he was gratified that new lines of communications had been opened up as a result of this series of meetings. "It is our hope", he said, "that some of the results will shortly evidence themselves in new and modern promotional brochures."

HERE AND THERE

with Fenwick Finch

Somewhere in the Green Gables area just below Moore Falls is a snowmobile driver that's living on borrowed time.

I've pretty well kept out of this snowmobile hassle because I firmly believe what a member of Parliament said recently — "you can't legislate stupidity." Hence why bother about it. In the past month I have almost proinged one Lindsay snowmobiler and two local residents, but this last one I gotta tell you about.

Harry Earle and I were coming up Highway 35 last Thursday night about 5.45 and, as we came around the corner at Green Gables Road and the Black Lake road this machine came bursting out onto and across the highway not 50' in front of Harry. Now, I don't know whether the driver was man, woman or beast but they had two things going for them — Harry is an extremely good driver with fast reactions and he was going at a moderate speed. Harry hit his brakes and pulled over to the side of the road, this allowed the snowmobiler to go blissfully on his or her way. I don't think the driver ever noticed what had happened.

I have one piece of advice for this person whomever it may be — I'd suggest you get down on your knees, face Mecca and be thankful you're alive — incidentally, bow three times. I'd also suggest you hang up your machine for this winter because you've surer'n Hell cut down the laws of average.

* * *

In the letters to the Editor is a nice note from G. and E. F. who have been so kind as to keep forwarding me material from Talbert's column in the Detroit Free Press. It was good of them to identify themselves. Garnet and Evelyn Fursey. They made one statement no one can argue with — "—we have never seen so much snow."

In the next paragraph is a couple "Graffito" they sent me.

* * *

"It's the screwdrivers Who Get Traffic Tickets."
"Doctors All Enjoy Poor Health."
"Girls With Arrested Development are Seldom Busted."

* * *

The "Key word" in the Boob Tube vocabulary is "Repeat" this covers their programming better than any description I could give.

* * *

There is a great deal of concern these days about economic control of Canada by the U.S.A. Have you ever given any thought to Religion? Next Sunday when you are watching the "squared eye" count the number of times Rex Humbard and Oral Roberts are on — they are bringing you Religion, but at a price — which is funnelled into the coffers in the U.S.

* * *

Once more I'm appealing to my readers — if you have, or know anyone who has one of those "Think Snow" buttons would you please have it removed and put away until next year — it might help the situation.

Speaking of snow, Earl Hewitt and his henchmen have been doing quite a job keeping the snow off the streets — no matter how often it comes they have it cleaned up in no time. Earl has come in for some criticism for "polluting" the river by shoving the snow into it — these people who are on his back should remember that, as the good Lord sends warmer weather the melting snow goes in the same direction as Earl sends it.

That's for this week — drive carefully — accidents can happen to YOU.

Fenwick

LETTER TO THE EDITOR

Minden, Ontario
February 22, 1971

Dear Fenwick:

As Bob Talbert says, this piece should arouse a warm response and, if you are like us, a little warmth of any kind is welcome at this time of year and especially this year.

We have been at our cottage on Kushog Lake for January and February and never have we seen so much snow. It does remain beautifully white though, and the road-scraping crew keep the roads in such good shape that we can come and go at our pleasure. We can't think of another place we would rather be.

We wish for you continued good health. When your column isn't there, we miss you.

Garnet and Evelyn Fursey

Minden, Ont.
February 27, 1971

Dear Mr. Greir:

There was a privately owned Ski Club at Carnarvon a few years ago and it hasn't been in operation for a number of years.

I think the younger generation deserve to have a decent Community Centre. This one is definitely unsafe and would be a disaster if it ever caved in and people were hurt or killed.

As far as transporting children to hockey 16 miles how many times do they go 16 miles. As a rule the hockey players and some parents travel for miles several times every week and are not home until quite late at nights. It has cost quite a few parents a good sum of money to transport other boys that there parents never go to a game at all and expect these parents to take their boys back and forth for nothing, which they have been doing all winter long. A lot of parents it has cost them well over a \$100.00 to transport players this winter. I feel the parents that don't drive at all should contribute money to the drivers that take their children for nothing. This is not to mention the time spent on the road by these individuals. It should be that everybody should work and contribute together as a whole, even to Mr. Palmer.

Let us get a Community Centre first before we go after a ski club. After all I think the children should come first. No wonder there is so much unrest with young people today.

If someone has lots of money and wants to have a ski tow, let them put up the money for a ski hill.

How many people are interested in skiing. After all there are skating, hockey, curling, basketball, bowling and snowmobiling.

Sincerely,
Helen Cox

COUNCIL HERE HELD REGULAR MEETING

On February 17, Council of Anson, Minden and Minden met in the council chambers with Reeve Charles Brandon in the Chair.

Also present were councillors Reg Booth, Robert Gorrie, Doug Pritchard, and Richard Parisotto, Clerk-Treasurer, J. Earl Hewitt, Road Superintendent, Siegmund Weiss, By-law Officer.

Moved by Reg Booth, seconded by Doug Pritchard that the Library Board Budget for 1971 be increased to \$1150.00.

A delegation from the Stanhope Municipal Council was present to discuss a joint fire protection agreement between the two municipalities. It was decided that a draft agreement be prepared for presentation to the two Councils.

Moved by Reg Booth, seconded by Doug Pritchard, that the Municipality agree to pay 50% of the net invoice cost of uniforms for the firemen — uniforms to be ordered by the fire department and the invoice with 50% of said invoice to be presented to the Clerk for final payment by the municipality.

Mr. Mel Robertson was present to discuss the pending rezoning application for his property. A further attempt is to be made to solve this problem with the OMB and DMA.

Letter of resignation was received from Councillor Reg Booth from the Community Centre Board of Management.

Moved by Robert Gorrie, seconded by Doug Pritchard that Reg Booth be appointed as a council member on the Community Centre Board.

Moved by Reg Booth, seconded by Robert Gorrie that the account of Totten Sims, Hubicki Ltd. re: Canning Lake Road be approved for payment in the amount of \$425.99.

Letter was received from Mr. and Mrs. Charles McDonald requesting Water Service on Tessale Street. This letter is to be kept on file and given priority consideration for the next waterworks extensions proposed.

Tenders were received for the supply of crushed gravel from Frank S. Coyle Limited and Thompson Crushed Stone and Gravel Limited.

Moved by Doug Pritchard, seconded by Reg Booth, that the tender of Thompson Crushed Stone and Gravel Limited be accepted for 10,000 cubic yards of 5/8 gravel per tender call at the following prices Single stage crushing 92c per cubic Yard. Two Stage crushing \$1.29 per cubic yard, being the lowest tender received. This award subject to DHO approval.

Moved by Doug Pritchard, seconded by Reg Booth that the loan and interest owing to the Community Centre Building

Fund by Minden Water System be transferred to the General Fund Account as at February 28, 1971 in the total amount of \$2,944.41.

Moved by Reg Booth, seconded by Doug Pritchard that the Reeve and Clerk be authorized to invest temporary surplus funds when possible from time to time. Further that the Clerk be authorized to arrange necessary temporary transfers between any municipal accounts when deemed desirable.

Moved by Doug Pritchard, seconded by Reg Booth Council purchase 4 - 12 ply nylon tires, from Firestone Tires with seal rings. Subject to the approval of the District Municipal Engineer.

Moved by Reg Booth, seconded by Doug Pritchard that the Road Accounts be approved in the amount of \$5,736.75.

LETTERS TO THE EDITOR

Willowdale, Ont. there are increasingly more of them in Ontario) would winterize their cottages and continue to come into this area with their families and friends. With the improved highways a trip to Minden from Toronto doesn't take more than 2 hours nowdays. Needless to say, lack of snow, that often plagues ski resorts near Toronto, has never been a problem in Minden.

Dear Mr. Greir:

The letter from J. Earl Palmer in the Minden Progress, Thursday, February 18th, contains many excellent and thought provoking ideas that should be pursued further.

We have been part-time Minden residents for 10 years and since our house is winterized we come here often in wintertime. As the children grow into their late teens they have been drawn more towards the Ontario resorts which offer skiing. Since neither my husband nor I are skiers, we are naturally concerned at having our family go their separate ways in winter weekends. If, however, a ski area would be developed near Minden, many summer residents who are weekend skiers (and

discussions about Mr. Palmer's letter in print.

Sincerely,
Mrs. U. Ronimois

EDITORIAL

with Al Greir

THERE IS ALOT TO BE DONE

Recently I overheard a conversation between an elderly gentleman of about 75 and a young teenager. I was surprised to hear the elder ask the boy, "what is really right and wrong anymore?"

I could tell by the expression on his face that he really didn't know. This comes as a shock, when you think of people living almost an entire lifetime and still can't put things together in the proper perspective, in their own minds. What chance have the youth of today, when so many of the older generation are confused, bewildered and downright lost for answers to today's problems.

What really brings these confused thoughts to mind in today's fast moving society is the lust for money, the problems of alcohol, narcotics, the painful thought of war and crime, the frustrations of poverty, unemployment, the continued search for self satisfaction, capped off with all the different, weird organizations, movements, demonstrations, and last but by far the least the failure of the various religions all over the world, to be of help where it is needed most.

We have probably had all these problems since the beginning of time, but never has communication been what it is today. When a fight breaks out in the middle East, the news media is on the scene; when 100 Americans get shot in Viet Nam, the statistics are made known to all immediately; when there is kidnapping in Montreal we are all involved in minutes; when disaster hits Pakistan, religious beliefs take another beating, as the world watches thousands drown like rats. It seems that the only good news these days — is bad news.

The problems that most people face today are mental problems, mainly because nothing is done in moderation, and everyone is after a personal gain. People aren't satisfied with the average wage, the average house, the average car, the average boat, etc., etc. People aren't satisfied with one drink or two; people sell dope to make big money, kids take dope to escape the frustrations and disinterests shown by parents. Before people know it their mental problems cause nervous conditions, and find themselves constantly under the Doctors care, and medications. For these people the good days are gone, and troubled ones lie ahead.

What is the cause of these man-made problems — the reasons are many. Religion has been the roots where trouble has grown since man first walked the face of the earth. That straight and narrow road has been too tough for everyone — for man was made far from perfect. But the church still goes on preaching Heaven and Hell as if it was just invented, paying no attention to the pages of history and the hand writing on the wall. They have failed to realize the problems and the changes that must be made. Religion in Biblical days was a symbol of strength, but in reality it weakens, it has taught nothing but fear and self righteousness, which helps no one.

Politicians, religious leaders, educators, businessmen, everyone, must jump into the middle of this troubled society with both feet, there is no room left for individual heroism. The mind must be restored, the body must be made healthy — moderation is one answer — the other is we must get the wraps off ourselves and start caring for others especially the young.

I know I will receive a flow of religious pamphlets, quotations from the Bible and so on, please save your postage — if you are of strong body and mind, get out where the action is and get your feet wet — there is alot to be done.

LETTERS TO THE EDITOR

RR 2 Minden, Ont.
February 26, 1971

Mr. Alan Greir, Editor,
Minden Progress

Dear Al:

Undoubtedly our mutual friend Mr. Earl Palmer achieved with his letter at least one result: He introduced a new idea and forced us to think about it. I think skiing is a little farfetched, what in fact pre-occupies my mind since his letter is — winter economy.

This letter is not necessarily a point by point answer to Earl, nor is his argumentation completely unfounded but let me sum up my personal feelings.

I am unconvinced, and consequently I will remain a supporter of the new arena and with each future "Little Coney-beare" donating his piggy-bank to the arena fund my determination to support the arena will grow, despite obvious lack of expected personal benefits. And let me say to all those who wisely might state that my municipal taxes are too low to worry. Before this arena is built my "Fair Share" will be donated no matter where I live, here or in Toronto.

Although I have personal disagreements with some aspects of hockey and as much prefer skiing, nobody can ignore the fact that this sport developed into a Canadian tradition and nobody can eliminate it by simple introduction of "new" sports. I am trying to say, that even if we had fully developed slopes, we still would want an arena. But then the arena, represents more than just hockey.

I suspected it, and now by listening I am convinced that the most negative aspect of Earl's letter is the unintentional raising of banners for all those who were against the arena from the beginning. Somehow I feel that if and when the skiing slopes reach the acute stage of planning, they will turn against it, and I wouldn't be surprised at all to see the most ardent arena supporters taking up the front row in support again.

The economical benefits of properly developed ski-slopes are unquestionable. However I can not see us developing into anything but a second choice to almost every existing set-up. And as far as the fastest growing sport is concerned I have to disagree with Earl.

I have no official statistics but this spot is now and for years to come reserved for snowmobiling. And as far as the benefits are concerned as a source of untapped wealth, it offers the greatest possibilities. All of us know that this sport is the "Black Sheep" of the sports and as such is being criticized, condemned and banned from almost everybody. And

consequently it just waits to be invited.

It wouldn't take very much. One look at the map shows that we could without big effort accommodate a 50 foot wide trail over a length of minimum 20 miles. Soon as we reached the stages of initial planning talks should be initiated with the Ontario Hydro, for utilisation of their transmission line clearing, with the department of Lands and Forests for co-ordination with their own efforts and with farmers and owners of cleared land for seasonal rental to provide the missing links.

In connection with this I can not see any problems for which solution could not be found. The question to be answered remains: Do we want that? Do we want to be known as one of the best snowmobiling places in Ontario or are we going to continue with the rest of the crowd to blast them to Hell for little noise and every accident.

Yours truly,
S. Weiss,

Minden, Ontario
February 22, 1971

Dear Mr. Greir:

We have just read Mr. Palmer's letter in last weeks issue and feel pretty disgusted with it, sure there is an Arena fifteen miles away but its not our arena, where our children could skate, most likely every day, and who could afford to go to Haliburton every time we want to skate.

As far as I can see its the "poor" hockey coaches who are saddled with the short trips to Haliburton, in snow, ice, sub zero temperatures and anything you can name during the winter. They also have the safe keeping and the responsibility of the boys. Now why in all creation when we can build our own arena would Mr. Palmer want to build a ski run? First of all, not all of us want to ski and not all of us can afford to equip our families to go skiing, some of them can hardly afford to buy skates and equipment for their boys, its the parents who make the sacrifice for this, so, if we don't go ahead and build a new arena maybe one day, not too far away, we won't have any hockey teams or figure skaters. Sir Sams, is not too far away and its a very enjoyable trip in the snow, but then, not all of us can afford to go there and ski. It costs roughly for a family of four, to spend the afternoon there, around \$10.00 to \$15.00.

I would also like to remind Mr. Palmer that the money that has already been raised up to now has been for the one and only purpose of a new Community Centre and ice arena.

From our new arena — when its built, it will be bringing us in money and people all year

round, not just in the winter — unless someone has come up with a new invention for making snow in the middle of summer.

Here are a few idea's that Mr. Palmer might not have thought of:

1. The arena could be used 10 months of the year with hockey schools and clubs.
2. Summer Figure Skating Schools. Hockey practices for our own boys.
3. The Community Centre would be used for dances, bingo's, Rotary, Kinsmen, Wedding Receptions, etc, all these functions would be making money for us 12 months of the year, and in case you are wondering as to what would be happening the two months that the arena portion was closed, it would be cleaned and the ice plant checked.

If anyone wants to see why we need a new arena, just come down to our poor, tired old arena in Minden and watch hockey practice and games, or watch the Figure Skating Club go through their C.F.S.A. Tests as we did last Saturday (soft ice, water pouring through the roof) then they would know just how much we "Need A New Arena".

Sybil Hope
Ogopogo Lodge.

MINDEN OPP REPORT ACCIDENTS

Murray Davies, 36, of RR 1, Minden, was operating his car on Highway 35, six miles north of here when the car came into collision with two Shetland ponies. Provincial Police Constable R. E. Brown investigated the accident which happened on February 13 at 12:30 p.m. The ponies were treated for minor injuries. The car was not damaged.

On February 13 at 4:25 p.m. on the Harburn road north and east of Haliburton, a car driven by Melvin George Madill, 33, of Haliburton, was involved in a collision with a car driven by Stanley Roberts, 52, of Haliburton. Damages to the cars were estimated at \$200. There were no injuries reported. Provincial Police Constable R. J. Wood in-

vestigated.

Provincial Police Constable F. W. Magee of the Minden detachment investigated a two-car accident on February 13 at 11:55 p.m. on the Davis Lake Road. The cars were driven by John Charles Quibell of 7 Simcoe Street in Lindsay and Gary William Neil, 26, of Scarborough.

Damage to the cars was estimated at \$1,100. There were no injuries reported.

KINSMEN CLUBS FIGHTING CYSTIC FIBROSIS

All of the Minden Kinsmen Club members turned out Monday, March 1st to welcome seventeen visiting Kinsmen from Bowmanville and Bobcaygeon. After a very good meal served at the Wagon Wheel, the Kinsmen were shown an extremely informative selection of slides about the crippling disease "Cystic Fibrosis". Included in the slides were pictures of how this crippling lung disease affects children and how with early detection and large amounts of drugs and expensive equipment, this genetic disease can be controlled.

Last year thirty five cases of Cystic Fibrosis were discovered at the Kinsmen Clinic in the Hospital for Sick Children in Toronto. This year they are finding on the average of two cases per week.

A cure has not been found yet, but with early detection and proper treatment, death can be prevented and the child can enjoy a near normal life.

Won't you help give a child the "Breath of Life"? Support the Kinsmen during Cystic Fibrosis Week, May 2 - 8th.

MINDEN MITES DROP CLOSE EXHIBITION GAME

In an exhibition game played over the weekend, Brandon's Mites dropped a close 6 to 4 game with Cobocok.

Scoring for Minden was Harold Porter with 2, while Scott Valentine and Joe MacMinn each scored singles.

OBITUARY

MRS FRANK WATERS

Gladys Marie Waters died at the Minden Red Cross Hospital on Saturday, February 6th, 1971.

Gladys Waters was the 3rd daughter of Jane and the late James Fairfield. Born January 3rd, 1906 on the Minden farm overlooking Mountain Lake. She attended Scotch Line School until the year 1920, when the family moved to Verulum Township, completing her education at Fenelon Falls High School.

Entered Hamilton General Hospital for nurses training, graduated in 1934. Afterwards private nursing in Toronto kept her busy until her marriage with Frank Waters of Yorkshire England on July 18, 1936.

In 1946 Mr. and Mrs. Waters purchased the property on Mountain Lake, and developed Fairfield Bay Cottage Resort. It was here at Fairfield Bay that her contact with people on holidays was much enjoyed, and Gladys looked forward to those lovely summers. Her generous, happy disposition made many friends.

She was a member of St. Paul's Anglican Church. She is survived by her husband and daughter Susan, (Mrs. Michael Stryduk) and two grandchildren of Thunder Bay, Mother (Mrs. Jane Fairfield) of Minden, one brother (Wilfred James Fairfield), and sisters Majorie (Mrs. M. A. McCaw) of Lindsay, Hazel (Mrs. George Colling) of Burlington, Mary (Mrs. Lester Walling) of Haliburton, Dorothy (Mrs. Eric Hadfield) and Mildred (Mrs. W. B. Scott) of Toronto, Muriel (Mrs. C. A. Bond) of Ottawa.

The funeral service was from the Chapel of John Welch and Son in Minden, with the Rev. Howard Best conducting the service. Temporary interment in Ingoldsby Cemetery Vault.

The Pallbearers were: Holly Stevens, Wilfred Jarvis, Earl Crawford, Gerald Heywood, Donald Macnab, Walter Ackersblade. The many letters and cards received, beautiful flowers and gifts to the Minden Red Cross Hospital Building Fund, and the Ontario Heart Foundation were a tribute to her life.

Your
RED CROSS
serves for
YOU!

ABOUT THE TOWN

With Jeanne Sears

Monday the first of March came in bright and windy. It was St. David's day, famous to all Welshmen. There must have been some of this race settle in our Country as we find names such as Carnarvon, and Snowdon. The radio had their songs played many times during the day. The Welsh race are truly famous for their fine singing and they often win world prizes for this.

* * * *

There was a big surprise one day last week for Muriel and Bud Medley on the arrival of their twin granddaughters and children of Glenda and John Atkins.

* * * *

We read in the papers that the workers at Massey Ferguson are out on strike; seems too bad they must ask for bigger wages when we have a quarter million of our total population unemployed.

* * * *

There was a serious accident near Tall Pines over the weekend when George Wallace (Wally) Brown, one-time runner, died. We heard that speed was the cause, though the weather was bad. Our roads are not really like the larger highways where you can really speed along.

* * * *

Saturday midnight was the dead-line for 1971 license plates; wonder how many would have to pay the fine. There was much publicity as to the date over radio, on television and in newspapers.

* * * *

Patients at the local hospital on Monday included Mrs. Christina Madill, Bert Thomas, Mrs. Violet Henderson, Gregory Stamp, James Bacon, Royce Harrison, Mrs. Grace Mason and Mr. Kivi.

* * * *

Hint of the week — Trying to save bows and ribbons, try using an extra cannister, keeps them in shape and nice and fresh as well.

* * * *

Gerald Cooper was the lucky winner of the "Gurgling Poodle" drawn for at the Rotary Dance at the Legion Saturday night.

* * * *

Thankful for friends who share my joy and mirth,
Glad for the warm, sweet fragrance of the earth,
For golden pools of sunlight on the floor,
For peace that bends above my lowly door.
For little friendly days that slip away
Without only meals and bed, work and play,
A rocking-chair and kindly shining light,
For little things let me beglad tonight.

Edna Jaques.

* * * *

Do you think this is right? Middle age is that time of life when you feel bad in the morning without having fun the night before?

* * * *

Was a really stormy weekend, nice and sunny early in the week; the snow seems to be settling a bit.

Cheerio until next week.

CANADIAN RADIO-TELEVISION COMMISSION

The Canadian Radio-Television Commission announces the following decision:

WEST GUILFORD AND DORSET.

MINDEN W.I. HELD FEBRUARY MEETING

There was the regular meeting of Minden Women's Institute at the Modernaire Dining room, February 17 with Mrs. P. Clark presiding. After the usual opening and reports the roll call of stamped get-well cards were answered by 15 members and one guest.

The collection was taken also Pennies for Friendship. There was some discussion about the Annual Bus trip and the secretary Mrs. Lyman Cox is to write again to Algar Bus Lines for further information.

Selections for the short courses were chosen and these will be sent in to the Home Economist at Lindsay.

Mrs. Wallace Walker gave a fine report on Cheese Making and also read an article written by Clayton Rogers on Cheese Factory in Minden.

There was some talk about having a Card Party but as no date could be set it was unanimously agreed that we have a Special Collection at the next meeting instead of having a card party.

Mrs. Sears had brought the cloth for the name squares on the quilt and these were cut out and given to some members.

The small draw of the evening had as winner Mrs. M. O'Neil.

The meeting adjourned with God Save the Queen and W. I. Grace.

All enjoyed the delicious lunch served by the committee.

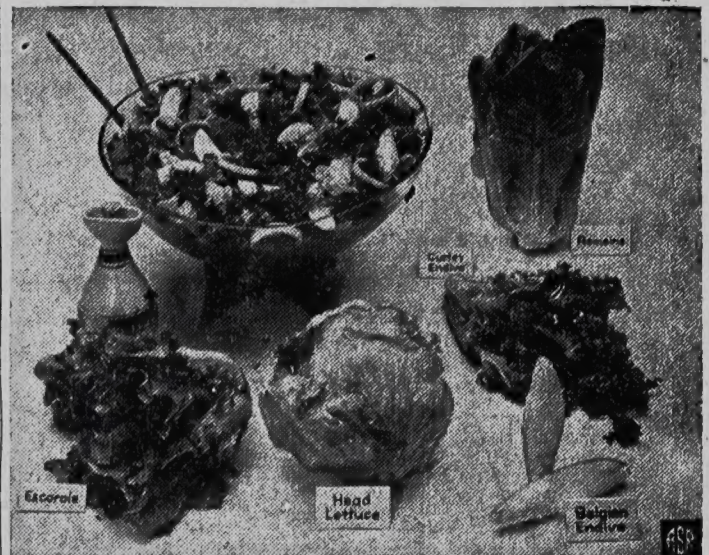

DEPARTMENT OF PUBLIC WORKS OF CANADA TORONTO DISTRICT TENDERS

Sealed Tenders addressed to the District Director, Department of Public Works of Canada, 241 Jarvis Street, Room 605, Toronto 200, Ontario, and endorsed "Tender for cleaning contract, Post Office, Minden, Ontario", will be received until 3.00 p.m. (E.S.T.) March 23, 1971. Plans, specifications and form of tender can be seen, or can be obtained from the Office of the Postmaster, Post Office, Minden Ontario.

To be considered each tender must be made on the printed forms supplied by the Department and in accordance with the conditions set forth therein. The lowest or any tender not necessarily accepted.

W. G. D. Tobin, Manager
Administrative Service

Here's Salad-Opedia To Vary Salad Bowl

Few things add so much to eating enjoyment as a crisp salad, fresh, green and aglow with nature's goodness. Are you getting variety in your salad bowl? Everybody loves head lettuce. It's the classic salad green. But do you add other greens, too? Mix and match a number of leafy greens in season to make salad its exciting best.

Consider escarole, slightly frilled at the edges, with a flavor quite different from other greens. Escarole is sometimes called straight-leaved endive, which gives a hint as to its flavor. Belgian endive comes in elegant, ivory spears, a wonderful addition to the salad bowl. Romaine has all the dignity of tall green plumes. This green is crisp, handsome, and a great blender with other types of greens, or use it alone, as a salad variation.

Follow your own good taste to vary salad dressings according to what goes into the bowl. Many people like fresh lemon juice for a change when making a French dressing for a tossed salad. The creamy dressings are delicious with tossed salads that contain hard-cooked egg. Fresh fruit combines very well with greens in the salad bowl, and a whipped cream dressing sweetened with honey is very good with them.

For extra color in salads, call on carrots cut in curls or sticks, on green pepper rings, both red and green, onion rings and a scattering of bright red radishes. Now is the season to enliven your salad bowl with a variety of the good fresh greens and vegetables so attractive at your market.

PETER PAN IS COMING

Attention everybody. Want to go on a trip?

Peter Pan, Tinkle Bell and troupe, will be in Fenelon Falls on March 6th, and they are inviting entire families and their friends to join them on the Journey to "Neverland". The trip gets underway at 8:00 p.m. sharp at the Fenelon Falls arena, with the Figure Skating Club as sponsored and Mr. Jim Hughes, Club Professional, as conductor.

We are sure you will thoroughly enjoy getting acquainted with such characters as Wendy, John and Michael, Mr and Mrs. Darling, Nana, the babysitting dog, Capt. Hook, his buddy Smoe, several pirates, an Indian Princess and friends, birds, animals and a few other surprising characters.

Joining us for the trip, will be Sheila, David and Amy Martin. Keep these names in your memory, because within competition circles, the Martin's of Lindsay will be young Canadians to be remembered.

Advance tickets are on sale at Fenelon Fashions and from Senior Club members, so get yours early.

See you on March 6th at 8.

"SPRANG" IS COMING

And so do we hope that Spring is coming. March 12, 13, and 14 — A weekend workshop in Macrame, Sprang and Tapestry. Macrame is decorative knotting. Sprang is woven net, and Tapestry can be either a woven wall hanging, or a rug. Students will improvise and make their own looms.

These workshops, conducted by Mrs. Marie Aiken are proving to be very popular with many women in the Haliburton Highlands, and at this time of year, will help to banish the winter doldrums. This workshop in these primitive arts will be held in the Haliburton Highlands Secondary School beginning Friday, March 12 at 7 p.m.

A PRODUCT OF AMERICAN NATIONAL ENTERPRISES, INC.

by Lorna Rogers

CBC schools producer Digby Peers done it again! Walked off with his tenth Ohio State Award, this time for a program title A Many Colored Canvas, one of a series prepared for Ontario School Broadcasters. A former teacher, Digby joined the CBC in 1959 and has successfully employed his teaching philosophy in a string of award-winning schools broadcasts. The only other CBC winner of the 1970 Ohio State Awards (also radio) was Anne Gibson, for her program, Indians of North America.

CBC fans will remember many a program being signed off with, "This is James M. Minifie — in Washington". Now retired and living in Victoria, the long-time CBC news correspondent reminisces about his career on the program Between Ourselves, March 11. His first book, Peacemaker or Powder Monkey, described Canada's role in revolutionary world. He's now working on his second. His lively memories of Vanguard, Sask., the League of Nations and the Kennedy era, are told with disarming frankness and incisive wit.

Minifie also turns up on Ideas Network, Part II on March 10 within the Politics and the Imagination series. On this broadcast, subtitled, The Mind of a Journalist, he talks about his experiences in reporting major news events during his many years of foreign service as a journalist

Paul Robeson was a giant of a man — in stature, in voice, in his ideals. He achieved fame for himself and his race at a time when the American Negro was still very much a third class citizen. Singer, actor, and forerunner of the civil rights movement, he was a man unique for his time. Now chronically ill and living in Philadelphia, Robeson is but a memory for those who remember him in his heyday, when he brought the house down singing Ol' Man River in Showboat, and play Othello in London's West End, New York, and Stratford-on-Avon. On March 9 CBC Tuesday Night, an assessment of this living legend in a program called Ballad For An American: A Profile of Paul Robeson. Interviews with people who knew him were conducted in Britain and New York and excerpts of Robeson on record are used as musical bridges. Robeson will be 73 on April 9.
